

## Recycled

Code : RC8

This white wood-free topstock is suitable for flexographic and Ink Jet printing processes. It is also ideal for overprinting applications where quick drying is required and can be used for general computer printing applications.

The paper is produced wholly from selected high quality 100% recycled fibres according to the RAL UZ-14 Blue Angel scheme. During the production of this paper no bleaching is carried out and there are no processes that lead to the generation of dioxins.

TYPICAL PROPERTIES	MEASUREMENT	TARGET	RANGE
